

# HONEY SONI

[honeysoniverse@gmail.com](mailto:honeysoniverse@gmail.com) +91-7838-414-667

## CAREER OBJECTIVE:

To utilize my potential to the fullest and work in a competitive environment where in I can convert my knowledge to develop my skills and expertise for the development of the organization.

## Work Experience:

### Owner | Gitanand Packaging:

Feb 2017 - Oct 2021

- Ignited my **new Startup business** in my hometown under Clean India initiative.
- Established a packaging and printing company to tackle the growing problem of plastic bags used by all businesses.
- Successfully replaced the use of plastic packaging bags, used by shops in the city and near-by districts, by Non-Woven bags.
- Used designing tools like **Adobe Photoshop CC and Corel Draw 2019** to design minimalist, elegant and modern design for businesses.
- HQ bags were printed by using a automatic offset-machine using CtP Plates and CMYK Ink techniques.
- **Managed a team of five individuals to efficiently proceed with tasks such as maintaining Client-Relations, Designing, Inventory Management, Job-Pipelining, Printing, Packaging and delivering packaged bags to the client in need.**

### Owner | Gitanand Packaging:

May 2016 - Jan 2017

- Hired as a **TRS(Technical Resource Specialist)** in a leading **US IT Staffing company in Noida Sector-62.**
- Using **excellent english speaking and communications skills** and using my position as a technical recruiter to recruit software developers and engineers in USA.
- Filed daily activities in excel sheets and created new data of potential candidates and their information.
- Used company's server which used **BigData technology and SQL** to query necessary skills for a applicant required different American Employers.

- Communicating with team members to find new leads for the assigned positions for the day.
- Brought **new insights and technical as well as logical skills** to charter through difficult tasks.
- Worked closely with Ramy Infotech to maintain optimum levels of communication to effectively and efficiently complete projects.
- Maintained energy and enthusiasm in fast-paced environment.
